

To book – go to www.cppe.ac.uk and scroll to the bottom of the home page and click 'book a workshop'

All workshops are open to Pharmacists, Pharmacy Technicians and Pre-registration pharmacists from all sectors of pharmacy unless stated otherwise

Dementia Focal Point Workshop – updated 2019

This programme will support you to better understand the different types of dementia and the associated risk factors. You will develop your knowledge on how to apply a holistic approach to the management of people living with dementia to deliver improved outcomes and support people with dementia and their carers

- 1) Boldon - Wed 1st April - 7:00pm-8:30pm - Clarion Hotel Newcastle South, NE35 9PE
- 2) Seaton Burn – Tues 12th May - 7:30pm-9:00pm - Holiday Inn Newcastle, Newcastle, NE13 6BP

Optimising Inhaler Technique; Improving Outcomes Workshop – updated 2020

This programme has been developed for healthcare professionals providing advice to people using inhaled medicines, to optimise their inhaler use and improve outcomes. The programme will consider the different types of inhaler devices available, how the delivered dose is made in each type, the breathing technique required for each type and the potential implications of sub-optimal technique

- 1) Newcastle – Thurs 2nd April – 7:00pm-9:00pm - Copthorne Hotel Newcastle, Newcastle, NE1 3RT
- 2) Boldon – Tues 2nd June – 7:00pm-9:00pm - Clarion Hotel Newcastle South, NE35 9PE
- 3) Tees – Tues 30th September – 7:00pm-9:00pm – Acklam Green Centre, Middlesbrough, TS5 4JS

Emergency Contraception Workshop

The overall aim of this programme is to acquire the knowledge, develop the skills and demonstrate the behaviours needed to provide high-quality emergency contraception services as part of your pharmacy practice. This is an opportunity to hear from a local expert in contraception and sexual health as well as to reflect on your current practice with your colleagues

- 1) Tees – Tues 28th April – 7:00pm-9:00pm – Acklam Green Centre, Middlesbrough, TS5 4JS

NHS Community Pharmacist Consultation Service (CPCS): Clinical Assessment - Essential Skills Workshop – pharmacists only

The aim of this workshop is to support pharmacists to develop the knowledge, skills and confidence needed to undertake effective consultations, communications, clinical assessments including applying the principles of hygiene and hand washing in a clinical setting in order to provide the NHS Community Pharmacist Consultation Service (CPCS). **If you have previously attended a DMIRs event, the learning in NHS CPCS full day study day is the same so you do not need to attend**

- 1) Newcastle – Sun 17th May – 09:30 - 16:30 - Copthorne Hotel Newcastle, Newcastle, NE1 3RT

- 2) Boldon – Wed 17th June – 09:30 – 16:30 - Clarion Hotel Newcastle South, NE35 9PE
- 3) Boldon – Sun 20th September - 09:30 – 16:30 - Clarion Hotel Newcastle South, NE35 9PE

Chronic Obstructive Pulmonary Disease (COPD) - Focal Point workshop – new for 2020

This learning programme aims to enable you to apply recent national guidance to help people to optimise treatment of their COPD. You will consider how you can use a holistic approach to empower people to self-manage their condition

- 1) Seaton Burn – Thurs 25th June – 7:30pm-9:00pm - Holiday Inn Newcastle, Newcastle, NE13 6BP
- 2) Boldon – Wed 1st July – 7:00pm-8:30pm - Clarion Hotel Newcastle South, NE35 9PE
- 3) Tees – Thurs 2nd July - 7:00pm-8:30pm - Acklam Green Centre, Middlesbrough, TS5 4JS

Developing your Role in General Practice Workshop

The aim of this study day is to support pharmacy professionals to get started and develop their role in a general practice setting. It will help you identify and engage stakeholders, prioritise patient groups, consider how to set up a patient clinic and respond to patient safety incidents

- 1) Boldon – Sun 28th June – 09:30 – 16:00 - Clarion Hotel Newcastle South, NE35 9PE

Clinical Medication Review Workshop

This event will equip you with the knowledge, skills and confidence that you need to engage effectively in clinical medication review of your patients and their medicines. During the workshop you will apply evidence-based clinical medication review tools in a case study setting to make recommendations for rationalising medicines use. You will also have the opportunity to work with simulated patients and use your consultation skills to practise undertaking face-to-face clinical medication reviews

- 1) Tees – Sun 6th Sept – 10:00 – 16:00 - Acklam Green Centre, Middlesbrough, TS5 4JS

Shared Decision Making (pharmacists only)

The overall aim of this course is to create a culture shift in practice by supporting pharmacists to embed shared decision making as part of personalised care

Dates for diary – 9th September and 7th October – Boldon – not available for booking currently

Leading for Change (pharmacists and pharmacy technicians only)

<https://www.cppe.ac.uk/therapeutics/hospital-leadership>

This fully funded programme is open to mid-to-senior grade pharmacy professionals who work in primary or secondary care, Health and Justice or the armed forces who have completed their foundation level practice and are working at, or towards, advanced level practice. The only exception is those currently undertaking one of the NHS education pathways (CPGPE, MOCH or PCPEP) as leadership is included in these

pathways. We expect participants to have a foundation in leadership, either through completion of a previous leadership programme or through a number of years' experience as a leader.

The aim of the programme is to bridge the gap between foundation and advanced leadership practice in order to develop leaders across the pharmacy profession. It will also equip participants with the knowledge and skills to take on challenges effectively and lead in medicines optimisation to deliver better patient outcomes. The programme takes a blended learning approach delivered over six months, and consists of four online modules supported by face-to-face workshops and workplace-based learning experiences.

Suggested prior learning includes the [NHS Leadership Academy's Edward Jenner programme](#), CPPE programmes such as [Leadership for pharmacy professionals](#) and [Life skills - developing your potential](#) e-course, or equivalent in-house training.
